Our Chapter

*Our members make us who,
and what we are!*

Our members share a passion for riding Harley Davidson motorcycles, and a lot of what they do supports those interests. Our social group is diverse with members of all ages and from different walks of life. Many of the members have been part of the group for years and have built lifelong friendships with each other. We welcome you to be part of our group!

Our Rides

*Take us through great scenery,
and great places!*

Every year, a dedicated team of members sit down and build a schedule of ride events that are entertaining, scenic, and challenging all at the same time. Our scheduled list of rides varies from local group rides, rallies, National HOG rides, and weekend riding trips. Around the block or across the country, chances are good that we have a ride event planned that fits your style.

Our Philosophy

*We like to ride and have fun,
it's that simple!*

Four words make up the reason every chapter exists. Of course, you already know we like to ride, but there is so much more this chapter has to offer! Monthly gatherings, parties, Ladies of Harley, Rock N Roll City Harley Davidson dealer events; not just during our riding season in Northeast Ohio, but all year long.
